# Casa Hogar (Honduras)

Roughly half of the children living at Casa Hogar are teenagers or nearing that age. As they get closer to the end of high school, what the teens do and where they go after graduating from Casa Hogar becomes more of a focus. Post-secondary education is just as important in Honduras as it is in Canada. It opens the door for many more opportunities for stable and adequate employment, it contributes to the self-worth of the student, and it generates a greater confidence in the student's ability to contribute to society and to create positive change in their community and country.

Funds raised through FAIR's ***Journey With a Child*** special appeal will establish a post-secondary grant for Casa Hogar graduates moving on to the next phase in their education. Graduates will be able to use grant funds to help pay for education and related expenses at their own discretion. These grants will help ease the transition of these precious and still vulnerable youths away from Casa Hogar and into lives as independent students and functional adults.

You can invest in the future of a Casa Hogar graduate by making a donation to ***Journey With a Child*** today.

We encourage you to consider becoming a sponsor at \$35/ month (\$420 annually) to ensure the children and youth at Casa Hogar continue to have access to the holistic care they need to have love for today and hope for tomorrow.

The Fellowship Child Sponsorship program is a ministry of Fellowship National and is managed by Fellowship Aid and International Relief.
