

Journey With a Child special appeal
fellowship.ca/JourneyWithaChild

Clementia Life Centre (Lebanon)

Clementia Life Centre (CLC) has been serving the Syrian refugee population in Lebanon since 2014. With the ongoing socio-economic crisis in Lebanon, CLC is becoming more vital to refugees. Add to that the Türkiye-Syria earthquakes that hit the region in February 2023, increasing the losses of Syrian refugees and shrinking their hope of returning to a normal life in their country.

Funds raised through FAIR's *Journey With a Child* special appeal will help provide financial stability for CLC. Additional funds from Canadian donors will help bridge any gaps that may arise due to inflation and the ongoing economic crisis. Greater financial stability will help CLC continue to provide the holistic care that refugee children and their families need, not only giving children the opportunity to gain an education, but also providing food, healthcare, and emotional support, while making disciple-makers in the refugee community.

You can invest in the future of a child through CLC by making a donation to *Journey With a Child* today.

We encourage you to consider becoming a sponsor at \$35/month (\$420 annually) to ensure the children and youth at CLC continue to have access to the holistic care they need to have love for today and hope for tomorrow.

The Fellowship Child Sponsorship program is a ministry of Fellowship National and is managed by Fellowship Aid and International Relief.
