

Fellowship Aid and International Relief

# Momentum

special appeal

In partnership with the El Redil church network, FAIR's Momentum Winter 2025 special appeal is seeking to raise \$200,000 to help meet the needs of the most vulnerable in Medellín. This infusion of funds will assist holistic ministries that provide things like:

- food and other essential resources to families in need
- counselling and women's ministry for abused women
- opportunities for children and youth to learn skills and increase confidence through sports ministries and community drop-in programs
- a safe place for girls rescued from life on the streets

With your help, the local church in Medellín will be able to continue to provide Christ-centred holistic care to those in greatest need. To learn more, visit: [fellowship.ca/Momentum](https://fellowship.ca/Momentum)
