

Stand by Me

special appeal

FAIR is recommitting to care for those impacted by the war in Ukraine through the **Stand By Me** special appeal. Working through partnerships with key Ukrainian and Polish churches, funds raised through this appeal will support Ukrainians in five strategic ways:

- distribution of food and basic essentials through the local Church,
- family retreats for those experiencing trauma and loss,
- children's camps and orphan care to help children heal from trauma,
- frontline ministries through the local Church,
- strengthening the local Church through counseling, training, and encouragement of leaders.

FAIR is prayerfully seeking to raise \$1 million to help churches and ministries continue to provide the holistic care so desperately needed in the wake of the seemingly endless war.
